## Full Stack Software Engineer

Sparta, NJ | 610-428-4528 | [email](#) | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

Logic oriented critical thinker who enjoys solving puzzles of all kinds. Very dedicated to my work and take great pride in the quality of it. Passionate about technology, and am looking to continue building my skills and apply them as a full stack developer.

### SKILLS

- Javascript, React, Python, HTML, CSS, Express, Node.js, Django, MongoDB, PostgreSQL, Git, Atlas

### EXPERIENCE

#### **General Assembly | Software Engineering Immersive Student | Remote | 12/2021 - 03/2022**

Successfully completed 500+ hours of expert-led instruction in Javascript, HTML, CSS, Node.js, SQL, and hands-on learning of software engineering fundamentals along with the industry's most in demand technologies. Developed projects including:

- **Blackjack:** Created a DOM based blackjack game from scratch which is playable in an internet browser. Completed after only 2 weeks of learning.
- **Fumblr:** Created a full MEN stack CRUDable app resembling Tumblr, using HTML, CSS, Javascript, Express, MongoDB, and Mongoose. Collaborated with 2 other students to achieve this goal.
- **Wayfarer:** Created a full stack mock traveling blog using Django, Python, and PostgreSQL. This was a collaboration with 2 other students.
- **Good Games:** Using all the skills learned to date, created a website that has playable games built into it using React in a full MERN stack application.

#### **Response Electric | Electrical Apprentice | Philadelphia, PA | 11/2020 - 10/2021**

- Performing electrical installations of branch and feeder circuits, electrical boxes, devices, raceways, and service equipment
- Applying electrical theory and related knowledge to troubleshoot, repair, and install residential and commercial systems ranging from 120 to 480 volts
- Responsible for reading blueprints and solving problems regarding installations

#### **The Logan Hotel | Security Officer | Philadelphia, PA | 12/2018 - 06/2019**

- Responding to and documenting any incidents which occur in the hotel
- Logging, handling, and returning any lost and found items
- Assisting hotel workers and guests in maintaining a safe workplace and environment

**Platinum Parking | Manager | Philadelphia, PA | 02/2012 - 06/2018**

- Promoted to Manager after 1 year of employment
- Supervising valets (anywhere from 1-15 employees at a time)
- Supervising parking lots of customer vehicles (up to 100 vehicles at a time)

**Platinum Parking | Valet/Runner | Philadelphia, PA | 02/2011 - 02/2012**

- Responsible for safely driving a customer vehicle to and from the parking lot
- Properly log where the car is parked, when I drove it, and any existing damage
- Having to work outside in all weather conditions

**EDUCATION**

- Software Engineering Immersive | General Assembly | 2022
- Residential and Commercial Electricity | Orleans Technical College | 2020
- B.A. in Criminal Justice | Temple University | 2014
